- *Science is built up with facts,*
 - *as a house is with stones.*

- *But a collection of facts is no more a science*
 - *than a heap of stones is a house.*

-- Henri Poincaré

- *La science est construit avec des faits,*
- *ainsi comme une maison est construite*
 - *avec des pierres.*

- *Mais une collection de faits n'est pas une science,*
ainsi comme un tas de pierres n'est pas une
maison.
