Strait of Gibraltar

Morocco

tidal pulse!

Egyptian Pyramids

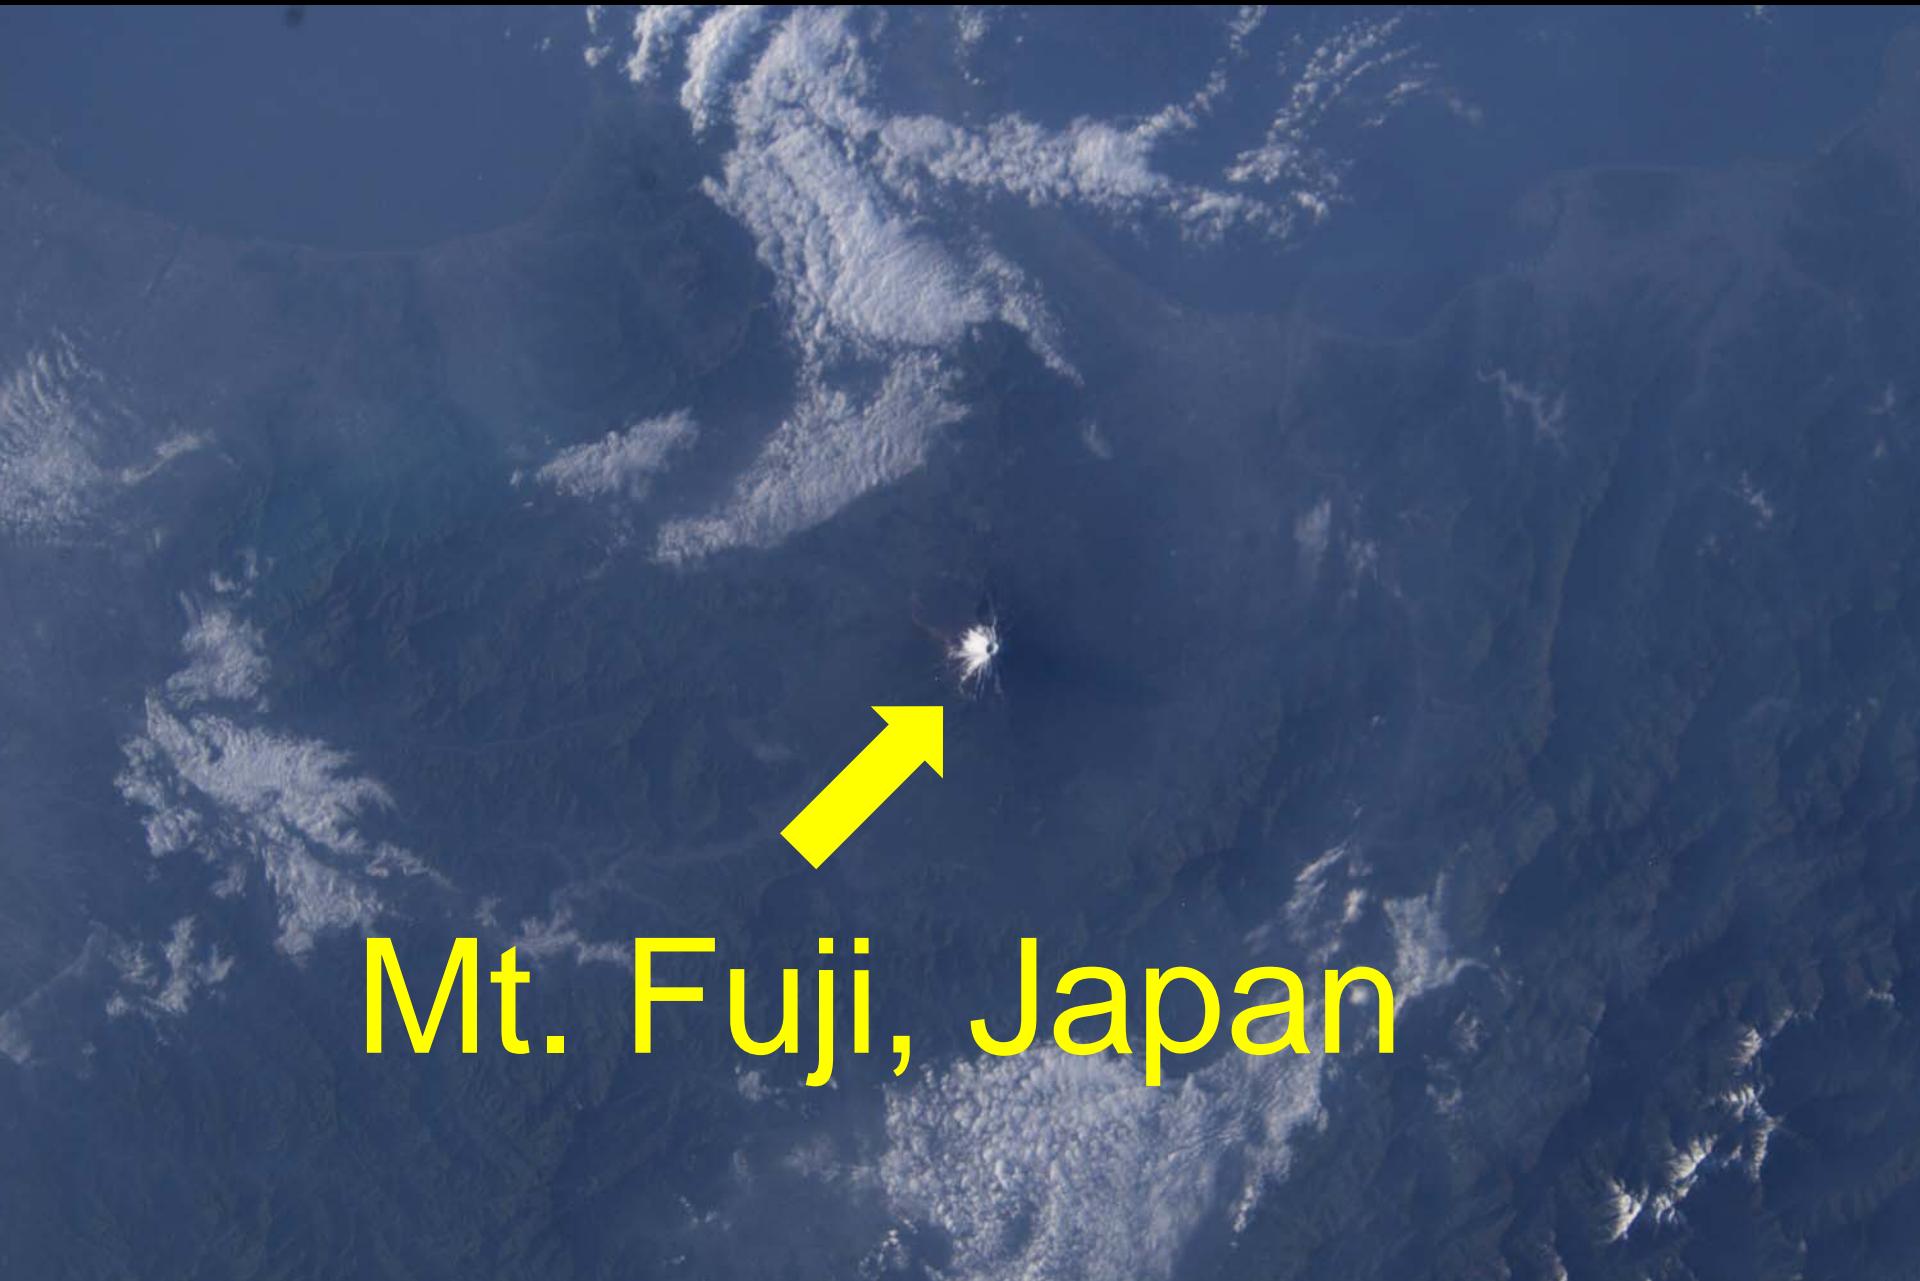

Cairo

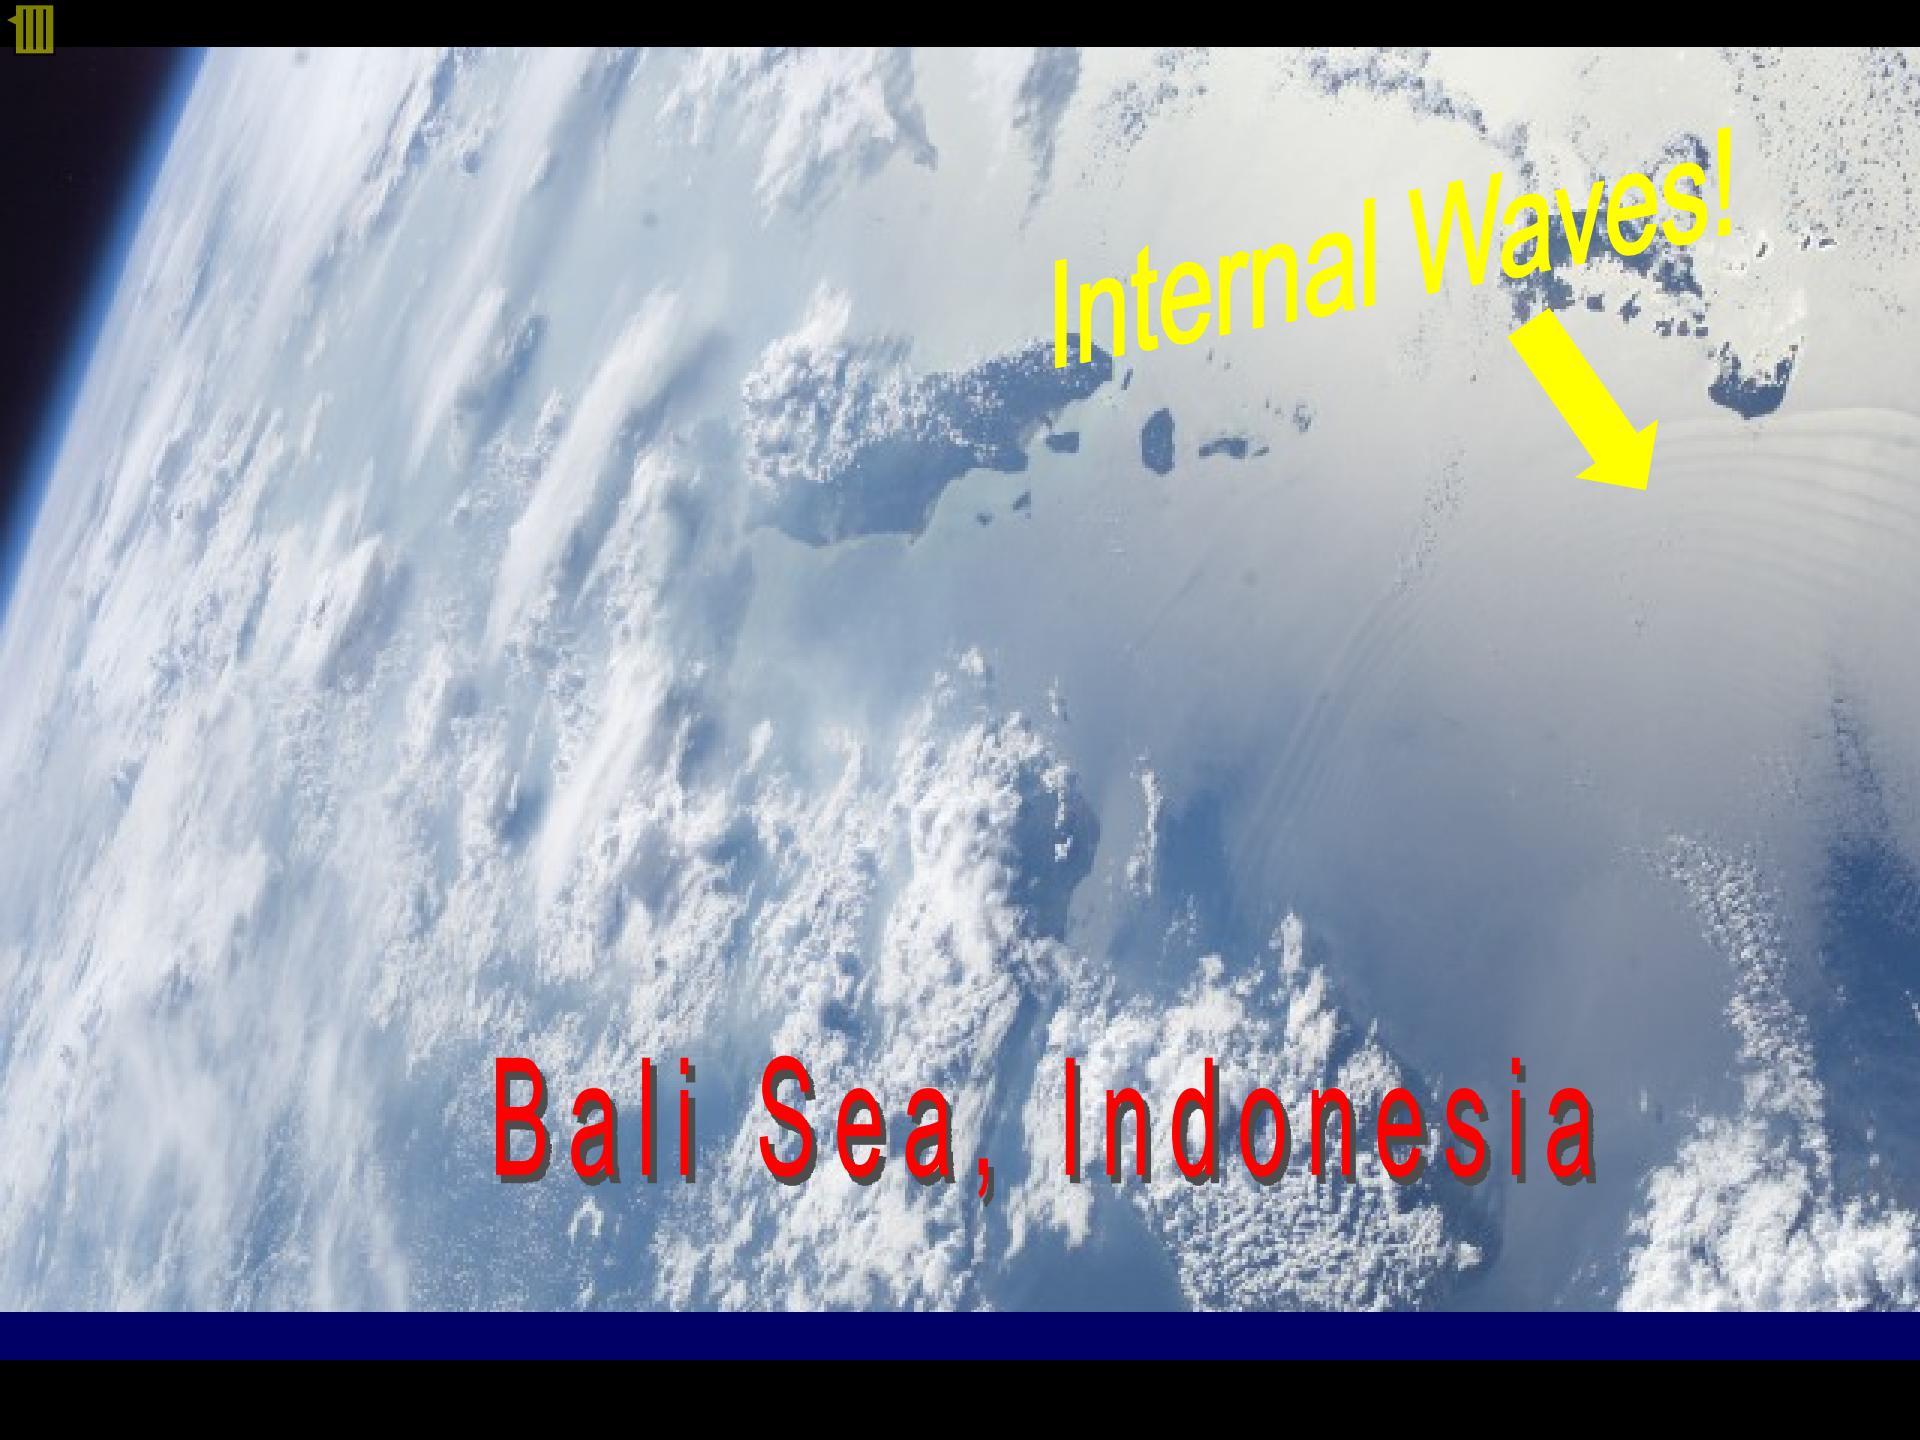

An aerial photograph of Mount Kilimanjaro, Tanzania. The image shows the three main peaks of the mountain: Kibo, Mawenzi, and Shira. The slopes are covered with a mix of brown, rocky terrain and white snow and ice, particularly on the upper reaches of the peaks. The surrounding landscape appears to be a dry, arid environment.

Mt. Kilimanjaro, Tanzania

(a hard to capture view of the glaciers!)

Mt. Fuji, Japan

Internal Waves!

Bali Sea, Indonesia
